We are humbled and blessed being invited each year to work alongside an amazing staff of volunteers who faithfully and sacrificially put on these after school programs. An estimated 700 kids attended during this just completed winter/spring season. We are already starting to plan new music for next year and are praying they will reach their goal of 32 elementary schools. That's GOOD NEWS!

There were also many other new places we shared, including a stop in Newnan, Georgia, on our way home. Wow, what a sweet bunch of people! We now have several invitations back to the Newnan area, as well as one near Branson MO.

We are grateful beyond words for all that we've been given, **and that definitely includes you!**
Your faithful prayers and support keep us pressing on.

Willing and able, because of YOU,

Wes & Dawn
