

December 2014

7 - 5 = ?

A volunteer at a Good News Club was teaching how important "quiet time" is to build our relationship with God. The teacher brought seven different Bibles (small, medium, large, different translations, different covers, etc.). He continued to teach that God speaks through His Word, the Bible, our "instruction manual", and how important it is for us to read and obey.

As the teacher continued, the students were on the edge of their seats listening, when one student raised his hand and asked how he could get a Bible because he did not have one ... or even one in his home. The teacher replied, "We will bring you one next week." With a sad face he said, "OK."

Seeing his dejected expression, the teacher offered the student one of his own Bibles, which immediately started a chain reaction in the class. The teacher came with seven of his own Bibles and left with two.

When a child receives a Bible, it is their very own precious and treasured possession.

While discussing our role in the Clubs for 2015, we were touched by this story and fervently compelled to help. Over 700 kids participated in Clubs last school year, and the majority cannot afford to buy a Bible, so there is a genuine need for more Bibles.

Conveying this need to friends, a couple in Minnesota sent us \$200 "seed money" for children's Bibles, which are about \$3 each. Any amount is sincerely appreciated. **You will receive a receipt for your tax deductible donation; simply write "Bibles" in the memo line on your check. What a great gift that keeps on giving throughout the year!**

May God continue to abundantly bless you and your family in this most holy and blessed Christmas season.
